**CONTRIBUTION OF CONSTRUCTION INDUSTRY** to Gross Domestic Product / GDP in Indonesia during the period of 2000 – 2009 showed a quite significant growth which can be seen from the vigorous of development activities in all construction industrial sectors by the government and also by national or foreign private sectors. The development activity in housing sector especially apartments, commercial building development such as Shopping Malls, offices and House Offices especially in urban region, as well as institutional buildings and infrastructure development activities which are quite rapid currently.

Building Materials Industries are the supporters in construction industrial sector that have big roles big in pushing the movement of construction industry in Indonesia. **PT. CAPRICORN Indonesia Consult** Inc in this case is motivated to encourage the movement of construction industry in Indonesia by publishing an exclusive business directory of building-materials in Indonesia.

**INDONESIAN BUILDING MATERIALS DIRECTORY, 2010** contains of 1.325 companies in the area of construction material industry within 21 industrial sectors, beginning with Aluminum Products industries to Wood Products industries which are being expected to support activities of construction industry in Indonesia. With this complete directory, businessmen in the area of construction or others will have ease in getting vital information to support his/her business activities.

This directory can be obtained exclusively at **PT. CIC** for **US\$ 350,-** per copy, available only in English edition and can be ordered directly to our Marketing Division, **Mr. Bramantyas Saputra SI kom** through his mobile phone at **08159404145**, Office phone number at **(6221) 3101081** (Hunting), Fax at **(6221) 3101505**, E-mail Address at **marketing@cic.co.id** or by visiting our official website at **http://www.cic.co.id**
